Forecast for Friday 29 Jul 2022

Weather: A bright day with a mixture of sunny spells and scattered showers. Becoming drier and brighter into the evening, but with possible strengthening winds developing ahead of some patchy rain overnight.

Chance of cloud-free hill tops above 600m: Greater than 90% throughout, perhaps falling to 40% in the west later in the evening.

Low cloud and visibility: Cloud remaining above the tops through much of the day, with only a moderate reduction is visibility due to any showers. Bases down to around 400m, as cloud pushes into the west later, with some moderate visibility possible in any late evening rain.
